A multi-purpose, hygienic detergent which cleans and deodorizes in one labor saving step. Recommended for use in hospitals, nursing homes, schools, colleges, medical clinics, dental offices, office buildings, hotels, motels and veterinary clinics. Cleans and deodorizes floors, walls, metal surfaces, painted surfaces, exterior bowl surfaces, empty basins, showers, conductive flooring, lavatory fixtures, plastic surfaces (such as polypropylene, polystyrene, etc.) and other hard, non-porous surfaces.

DIRECTIONS FOR USES:

APPLICATION: Remove heavy soil deposits from surface. Then thoroughly wet surface with a solution of 4 ounces (1/2 cup) of the concentrate per gallon of water. The solution can be applied with a cloth, mop, sponge or coarse sprayer, or by soaking. Let solution remain on surface for a minimum of 10 minutes. Rinse or allow to air dry. Rinsing of floors is not necessary unless they are to be waxed or polished. Prepare a fresh solution daily or more often if the solution becomes overly diluted or visibly soiled.

TOILET BOWLS: Apply diluted solution around the bowl and up under rim. First remove or expel over the inner trap the residual bowl water. Pour in 3 ounces of the diluted solution. Swab the bowl completely using a scrub brush or mop, making sure to get under the rim. Let stand for 10 minutes or overnight, then flush. Stubborn stains may require brushing.

SPECIFICATIONS:

Appearance.....	Clear liquid
Odor.....	Pleasant odor
pH.....	11.0
Specific Gravity.....	1.000
Flash Point.....	202°F
Boiling Point.....	Appx. 212°F
Water Solubility.....	Complete
